Thanks to past board member Lynn Marla for the cover artwork

Local Grand Ledge woman, Lynn Marla, is the artist who created the cover of our fundraiser. She has also painted 14 previous covers. Lynn has been painting and carving most of her life. She has competed in numerous carving competitions as well as many juried art shows. Her favored subjects have always been wildlife and horses. When she was carving competitively, she carved decorative loons as well as working decoys to hunt with. Lynn loves to hunt, especially upland game with her three retrievers, and is a past board member of the SCI Lansing Area Chapter. The Lansing Area Chapter of SCI honored Lynn with the "Hunter of the Year 2008" award.

From the Chapter President ...

Welcome to our 21st annual fundraising banquet!

We hope that this event will give you the opportunity to pursue your dreams and book your next outdoor adventure. By buying auction items tonight, you are directly contributing towards the operation, programs, and projects of the Lansing Area Chapter of SCI. So, play raffles and bid high and often; knowing that the money is being used to efficiently, and effectively to support the SCI mission.

SCI is dedicated to protecting the freedom to hunt and promoting wildlife conservation worldwide. SCI is at the tip of the spear in protecting the rights of all hunters. The battlefield where we fight to keep and protect our rights is the field of politics, legislation, and litigation. There are two things that fuel SCI's march on that field in protecting your hunting rights – your voices through your ongoing membership in SCI; and your funding through events like this. Get informed, become a member, get active, and make a difference for the future of hunting.

You can keep up with the State, Federal, and International legislative and political issues by going to www.safariclub.org/protect-freedom-hunt ; see all that SCI is doing for wildlife, outdoor education and humanitarian services by going to www.safariclubfoundation.org ; like us on Facebook at www.facebook.com/LAC.SCI ; and bookmark our webpage at www.lansingsci.com/.

I hope you enjoy this evening, and pencil in the dates for next year's fundraiser, March 18 and 19, 2022!!

SCI – First for Hunters®!!

Dr. Brian Metcalf
President Lansing Area SCI

What is Safari Club International?

The politically active members of SCI hunt on federal, state and private lands, and globally. They vote in federal, state, and local elections to protect their hunting opportunities, to conserve our nation's wildlife, and to conserve wildlife around the world. SCI is the country's leader in advocacy to protect the freedom to hunt and to promote wildlife conservation worldwide. SCI's approximately 50,000 members and 200 Chapters represent all 50 of the United States as well as 106 other countries. Through our active advocacy network, SCI works with federal and state legislators and policy makers to develop, promote and communicate positions on important issues, laws, regulations and initiatives. SCI generates broad support for candidates who support hunting and the issues that are important to them.

Mission and Purpose

The mission of SCI is to protect the freedom to hunt and to promote wildlife conservation worldwide. The purposes of SCI are....

- To advocate, preserve and protect the rights of all hunters.
- To promote safe, legal and ethical hunting and related activities.
- To advocate within the limits imposed by law and regulation.
- To monitor, support, or otherwise take positions on local, national and international legislative, executive, judicial or organizational endeavors that foster and support SCI's mission and purposes.
- To inform and educate the public concerning hunting and related activities. SCI members help shape and promote the image of the hunter to the general public, through their words and actions. In addition to practicing ethical hunting while in the field, SCI members give back by participating in educational, civic, conservation, and humanitarian efforts across the globe.

Resources We Have To Offer

In SCI's office on Capitol Hill, we have experienced lobbyists, litigators, policy makers, and social media experts working hand-in-hand with wildlife biologists from our sister organization, the Safari Club International Foundation. We administer the largest hunter-led Political Action Committee (SCI-PAC), which helps support campaigns of legislators on both sides of the aisle. SCI's Washington, D.C. office has the capacity to:

- Develop, edit, and analyze legislation.
- Defend federal actions, rules, plans and policies in federal and state courts.
- Alert and generate support for federal and state legislation through our communications network.
- Support candidates in federal and state races throughout the country.
- Draft scientifically supported comment letters and white papers on hunting related decision-making.

Be proud of what the Lansing Area Chapter SCI has done with your money!

Auction Guidelines

Please read the item descriptions carefully. Different hunts include or specify different things, such as lodging, meals, transportation, weapon type, available dates, etc. As a general rule, hunting licenses are not included. On hunts outside the United States, you may be charged PST, GST, VAT, and/or other Taxes.

The final bid on any item will be at the call of the auctioneer. Please do not lose an item that you want because of being shy. Make sure that the auctioneer or a spotter spots and acknowledges your bid. Wave your hands, yell, jump up and down, whatever you need to do. Once an item is sold, it is sold.

Some items have a minimum bid required. If the final bid is below the minimum, the high bidder has the option of buying the item at the minimum price. If they decline, anyone may purchase the item at the minimum price from the auctioneer or cashier on a first come, first served basis.

Purchasers of trips need to contact the donor within 30 days to schedule the dates. While it is not required with every hunt, we encourage you to upgrade your hunt. Taking additional animals, days, or additional hunters on the trip helps to support those that support us. Many times these additions are at a discount. Talk with your outfitter, and have an enjoyable trip.

SCI LANSING AREA CHAPTER suggests that any bidder who wins an auction item should consider researching and purchasing "trip insurance" to protect large hunting trips that could be compromised by sickness or injury of the hunter, death of an immediate family member, cancellations of flights due to weather conditions, complications that could be unforeseen with any particular outfitter, or any other life event that might prevent the hunter from completing the hunt. Once the auction has ended, SCI LANSING AREA CHAPTER will not provide insurance regarding any purchases made at the live auction.

See Auction Rules and Regulations near the end of this Auction Book.

Every true waterfowl enthusiast's bucket list includes hunting the magic that is North Dakota. Join us on a prime waterfowl experience near Bismarck. Our hunting properties are nestled directly in between the upper Missouri and the Heart River. These corn fields and levees provide some of the best field duck and goose hunting anywhere. Holding some of the last waters to freeze over in N.D our season just keeps going and going. Lay out blinds are the most used method in our hunting adventure, but boats and waders are used for some locations. All our areas are privately held and our clients will be the only VIP hunters. Hunting Tuesday through Saturday up to 6 hunters can join in on the fun.

The last two weeks of October find us hunting the mighty tundra swan. This trophy hunt has a maximum of 4 people having the opportunity for this big game species that can have a wing span of roughly 6 ft.

This is a 4 day/4 night hunting adventure. Lodging is provided at a locally owned B& B with family style prepared meals, cold beer, great guides and dogs. You will not want to miss this hunt!

John Pierce is a member of the FTR U.S. Rifle Team and will be representing our nation at the 2017 World Championship. The purchaser acknowledges that the items have NOT been inspected by SCI LANSING AREA CHAPTER and that the purchaser is advised, in the case of firearms, knives, bows, bullets or other weapons, to secure a competent inspection and test of the goods before use. No services auctioned are to or will be performed by SCI LANSING AREA CHAPTER.

7. After bidding for an item concludes and the auctioneer designates a winning bidder, the designated winner (buyer) must immediately agree to a Buyer's Agreement. For buyers at the auction location, the buyer must sign the Buyer's Agreement and one copy will be given to the buyer. For silent auctions, the Silent Auction Bid Sheet is considered the Buyer's Agreement to purchase the indicated item. All signatures on Buyer's Agreements, Silent Auction Bid Sheets and Silent Auction Sealed Bid Forms, are legal and binding. SCI LANSING AREA CHAPTER/SCIF will not recognize changes, additions or deletions to any auction description agreed to by the buyer and donor unless such changes are noted on the Buyer's Agreement and signed by the buyer and an authorized representative of the donor.

8. By making a purchase, the purchaser waives any claim for liability against SCI LANSING AREA CHAPTER or the donor of any property or service, and neither SCI LANSING AREA CHAPTER nor the donor is responsible for any personal injuries or damages to property that may result from the utilization of any property or services sold. If any action or claim is made against SCI LANSING AREA CHAPTER by an individual, entity, or state, local, federal, foreign or political body for any matter whatsoever arising from the use of the auctioned items, or any actions or parties conducting business with respect to the auctioned items, the donor and/or purchaser will pay SCI LANSING AREA CHAPTER's attorneys' fees and costs and will hold SCI LANSING AREA CHAPTER harmless from any judgment thereon.

9. The highest online pre-live Auction bidder's bid will be offered by the on-site online representative to the auctioneer when the bidding begins on each item. The auctioneer is not obligated to recognize the highest online bid first in the live auction room as all bidders on the live auction floor have an equal chance to be recognized by the auctioneer when the live bidding opens for that auction item.

10. If during a live auction, a final bid for an item is erroneously taken from two bidders, the bidding is closed to everyone else except those two bidders. The high bidder acknowledged by the auctioneer shall be the purchaser. The auctioneer shall have the sole and final discretion to determine the successful bidder in the auction on any item. At each live auction, there will be pre-designated bid spotters in the audience, and it is the responsibility of the bidder to direct bids to the nearest spotter or the auctioneer. The auctioneers and spotters will make every attempt to acknowledge all desired bids, but SCI LANSING AREA CHAPTER is not responsible for any missed bids or bids that fail to be executed. Waive your hands or jump up and down to get their attention.

11. ALL SALES ARE FINAL. ALL TANGIBLE GOODS PURCHASED AT THE SCI LANSING AREA CHAPTER AUCTIONS ARE SUBJECT TO THE CURRENT STATE AND LOCAL SALES TAX RATES. THERE WILL BE NO EXCHANGES OR REFUNDS on items or services. Unless otherwise indicated, all auction items, services and hunts must be used within one year of the date of the purchase at auction. Dates and times for applicable items are to be arranged at the mutual convenience of the donor and winning bidder/purchaser.

12. IT IS THE PURCHASER'S RESPONSIBILITY TO CONTACT THE DONOR REGARDING PURCHASED ITEMS, SERVICES OR HUNTS and to make all arrangements for hunt dates and the application for necessary of paperwork for licenses and permits. SCI LANSING AREA CHAPTER is not, and will not act as, a conduit or go-between between the purchaser and donor. After the hunt has been completed, it is requested that the purchaser complete a hunt report/article for our newsletter and submit it to the Newsletter Chairperson at scilansing@gmail.com .

13. To protect our hunt donors, SCI LANSING AREA CHAPTER reserves the right to terminate, change, withdraw, or suspend any donated auction item from the auction. The Auctioneer shall have the sole and final discretion to determine the sale of a donated auction item. SCI LANSING AREA CHAPTER reserves the right to terminate or restrict a bidder's registration without notice or penalty.

14. All firearm (excluding some types of muzzleloaders and bows) purchases made during the event will be subject to the Brady Handgun Violence Prevention Act of 1993. After the close of the Auction all firearms purchased at an SCI LANSING AREA CHAPTER auction or won in an SCI LANSING AREA CHAPTER raffle will be returned to the auction FFL License Holder for pickup by the winning bidder or will be shipped to the purchaser's nearest federally licensed dealer. It will be the responsibility of the purchaser to arrange and coordinate shipping with the firearm donor. All shipping costs and FFL transfer fees are the responsibility of the purchaser.

15. SCI LANSING AREA CHAPTER has been advised that donated "worked" ivory may be sold at its auctions. "Worked" ivory must not have been imported under any permit that prohibits the sale of that ivory. The export of "worked" elephant ivory for non-commercial or personal uses is allowed under U.S. law, but requires a CITES permit and must have been imported legally. Most hunting trophies have come into the U.S. under permits that prohibit sale and cannot be sold. Export of "raw" ivory is not allowed for any purpose.

16. No Refund Policy – This purchase is non-refundable. In no event shall Buyer seek reimbursement from SCI LANSING AREA CHAPTER and Buyer acknowledges and agrees that SCI LANSING AREA CHAPTER is not liable to refund the purchase price or any portion thereof.

17. Governing Law, Jurisdiction and Venue – This Agreement, its construction, performance and enforcement shall be governed by the laws of the State of Michigan without regard to any conflicts of law provisions. For all claims or disputes in which SCI LANSING AREA CHAPTER is named as a party arising under or with respect to this Agreement or any item purchased at auction, Buyer agrees that the exclusive jurisdiction and venue for such disputes shall be in the Michigan Superior Court, Clinton County or the United States District Court for the Eastern District of Michigan. Buyer waives any objection or defense (including, without limitation any defense of inconvenient forum) that Buyer may now or hereafter have to the venue of any such action or proceeding in such courts. If legal action is required and SCI LANSING AREA CHAPTER prevails, SCI LANSING AREA CHAPTER shall be entitled to recover its attorney fees and costs.
