MISSION

**THE MISSION OF SCI IS TO PROTECT THE FREEDOM TO HUNT
AND TO PROMOTE WILDLIFE CONSERVATION WORLDWIDE.**

PURPOSE

- To advocate, preserve, and protect hunters' rights.
- To promote safe, legal, and ethical hunting and related activities.
- To advocate within the limits imposed by law and regulation.
- To engage in advocacy within the limits imposed by law and regulation.
- To monitor, support, or otherwise take positions on local, national, and international legislative, executive, judicial or organizational endeavors that foster and support SCI's mission and purposes.
- To inform and educate the public concerning hunting and related activities.

HUNTERS' CODE OF ETHICS

Recognizing my responsibilities to wildlife, habitat, and future generations, I pledge:

- ✓ To conduct myself in the field to make a positive contribution to wildlife and ecosystems.
- ✓ To improve my skills as a woodsman and marksman to ensure humane harvesting of wildlife.
- ✓ To comply with all game laws, in the spirit of fair-chase, and to influence my companions accordingly.
- ✓ To accept my responsibility to help game law enforcement officers.
- ✓ To waste no opportunity to teach young people the full meaning of this code of ethics.
- ✓ To reflect in word and behavior only credit upon the fraternity of sportsmen, and to demonstrate abiding respect for game, habitat and property where I am privileged to hunt.

Many Thanks to past board member Lynn Marla for the cover artwork

Local Grand Ledge woman, Lynn Marla, is the artist who created the cover for our fundraiser auction book. She has also painted 16 previous covers and donated all the originals for the auction. Lynn worked for the MIDNR from 1982 till 2009, in law enforcement and Information outreach. She has been painting and carving most of her life and has competed in numerous carving competitions as well as many juried art shows. Her favored subjects have always been wildlife and horses. When she was carving competitively, she carved decorative loons as well as working decoys to hunt with. Lynn loves to hunt, especially upland game with her retrievers, and is a past board member of the SCI Lansing Area Chapter. The Lansing Area Chapter of SCI honored Lynn with the "Hunter of the Year 2008" award.

From the Chapter President ...

Welcome to our 24th Annual Fundraising Banquet!

We hope that this event will give you the opportunity to pursue your dreams and book your next outdoor adventure. By buying auction items tonight, you are directly contributing towards the operation, programs, and projects of the Lansing Area Chapter of SCI. So, play raffles and bid high and often; knowing that the money is being used to efficiently, and effectively to support the SCI mission.

SCI is dedicated to protecting the freedom to hunt and promoting wildlife conservation worldwide. SCI is at the tip of the spear in protecting the rights of all hunters. The battlefield where we fight to keep and protect our rights is the field of politics, legislation, and litigation. There are two things that fuel SCI's march on that field in protecting your hunting rights – your voices through your ongoing membership in SCI; and your funding through events like this. Get informed, become a member, get active, and make a difference for the future of hunting.

You can keep up with the State, Federal, and International legislative and political issues by going to www.safariclub.org/protect-freedom-hunt ; see all that SCI is doing for wildlife, outdoor education and humanitarian services by going to www.safariclubfoundation.org ; like us on Facebook at www.facebook.com/LAC.SCI ; and bookmark our webpage at www.lansingsci.com/.

I hope you enjoy this evening, and pencil in the dates for next year's fundraiser, March 14 and 15, 2025!!

SCI – First for Hunters®!!

Auction Guidelines

Please read the item descriptions carefully. Different hunts include or specify different things, such as lodging, meals, transportation, weapon type, available dates, etc. As a general rule, hunting licenses are not included. On hunts outside the United States, you may be charged PST, GST, VAT, and/or other Taxes.

The final bid on any item will be at the call of the auctioneer. Please do not lose an item that you want because of being shy. Make sure that the auctioneer or a spotter spots and acknowledges your bid. Wave your hands, yell, jump up and down, whatever you need to do. Once an item is sold, it is sold.

Some items have a minimum bid required. If the final bid is below the minimum, the high bidder has the option of buying the item at the minimum price. If they decline, anyone may purchase the item at the minimum price from the auctioneer or cashier on a first come, first served basis.

Purchasers of trips need to contact the donor within 30 days to schedule the dates. While it is not required with every hunt, we encourage you to upgrade your hunt. Taking additional animals, days, or additional hunters on the trip helps to support those that support us. Many times these additions are at a discount. Talk with your outfitter, and have an enjoyable trip.

SCI LANSING AREA CHAPTER suggests that any bidder who wins an auction item should consider researching and purchasing "trip insurance" to protect trips that could be compromised by sickness or injury of the hunter, death of an immediate family member, cancellations of flights due to weather conditions, complications that could be unforeseen with any particular outfitter, or any other life event that might prevent the hunter from completing the hunt. Once the auction has ended, **SCI LANSING AREA CHAPTER will not provide insurance (or refund) regarding any purchases made at the live auction.**

See Auction Rules and Regulations near the end of this Auction Book.

Contact: Dr. Brian Metcalf - drbrianmetcalf@gmail.com

Merchandise: Swarovski EL Range 10X42 - Rangefinding Binocular with Tracking Assistant

Value: \$4,443.00

Item: Combination Binoculars/Rangefinder

1-yd. accuracy up to 1,500 yds. away

P-coated optics for crisp, clear imaging

Glove-friendly ranging button

Integrated neck strap for added comfort

Special Notes: The EL RANGE is the latest demonstration of the innovativeness that lies at the heart of SWAROVSKI OPTIK. It combines SWAROVISION technology with precise range measurement. Spot game quickly and accurately thanks to the precision and edge-to-edge sharpness of SWAROVISION technology. The EL Range can be configured to suit your specific needs and you can transfer your own ballistics data, along with air pressure and temperature readings, allowing you to make an accurate assessment of every hunting situation. The innovative tracking assistant helps you to narrow down the area where your last shot hit the target. Uncompromising observation. The EL Range 10x42 shows precise details when viewing over long distances thanks to its 10x magnification.

Look and range within seconds with the EL Range Rangefinding Binoculars from Swarovski. The legendary optical performance you expect from Swarovski combined with rangefinding precision has a new, ergonomic design for even better handling in the field. Inside the durable, lightweight magnesium-alloy frame, Swarobright® optics deliver crisp, clear viewing and maximum light transmission, while the eye-safe, class-1 laser delivers +/-1-yd. accuracy on reflective objects up to 1,500 yds. away. The phase-coated glass features Swarotop® and Swarodur® multilayer coatings to decrease light reflection and increase detail. Rangefinder features easy-acquisition target circle.

Improved ranging button for ease of use, even while wearing heavy gloves. Waterproof, fog proof design is fully submersible up to 13 ft. Wide-angle ocular for increased field of view. Adjustable, twist-up eyecups are removable. Rangefinder displays distance in yardage or meters. The new design features more functional diopter adjustments, integrated objective covers, an improved rain-guard design, improved textured focus wheel and an innovative, totally integrated neck strap.

info@yukonbiggame.com

Contact: Shawn Raymond
Hunt: 11 Day Yukon Moose Hunt
Value: \$35,900
Dates: Open Dates in 2024
Alt Year: 2025

Accommodations: These hunts can be based from a cabin but often if the hunters willing, we will spike out if we need to, as the game does move. Often without cabins, but with comfortable heated wall tents that we can break down and move about the area.

Add'l Hunter: At listed prices

Method of Harvest: Rifle

Other costs: Bidder responsible for shipping costs to send trophy home; as well as tips for the guide and/or wrangler. Winning bidder responsible for \$2900 for the charter flight & \$500 for license / tags.

Location: Yukon Big Game Outfitters concession is known for its giant area which we operate in. Our area is home to many of the big game animals found in the Yukon. We are licensed by the Yukon Government. We hold the exclusive rights to guide clients in a commercial operation for outfitting area #20; the largest outfitting concession in the Yukon & the largest in all of Canada. It is located in south-central Yukon, northeast of Whitehorse and covers approximately 14 million acres or 21,600 square miles of prime wilderness hunting ground. We have been operating in this area since 2012 and we have yet to see all of the area. The camps we hunt are remote and accessible only by bush plane or horseback. Millions of acres have never been touched, leaving the landscape, game, and genetics much the way they were 50 years ago. Our area overlaps the Traditional Territories of Kaska & Teslin Tlingit First Nations, their people have been here for thousands of years. The terrains vary from scenic rugged mountains, giant vast plateaus, willow covered valleys and literally hundreds of miles of rivers with countless lakes and ponds; including the mountain ranges of the Cassiar Mnts, Pelly Mnts, and the Campbell Mnt Range with the highest peak being 7700 feet. Most of our adventures take place between 3000 and 5500 feet. YBGO's area may be one of the last great areas that is has not yet been fully explored by the traveling hunter. We manage the area and your adventure, spreading out the harvest and keeping the quality and genetics as we found it. The success our clients enjoy is outstanding and can be found in our hunt highlights report by request.

Special Notes: Giant Minnesota black bear hunt and North America's best big black bear opportunity!! Chocolate color phases are fairly common with Cinnamon a possibility. You will be hunting multiple baited BIG BEAR setups, with multiple BIG bears. You will be hunting from tree stands & ground blinds. What is his secret? Tim has a highly guarded secret system to beat big smart bears that Tim has developed over a 30-year bear hunting obsession.

Numerous guides and hunters claim that it is not possible for a hunter to harvest a big bear every year. Tim has proven them all wrong year after year, personally harvesting 15 big bears 400 to nearly 700 pounds plus many more between 300 and 400 pounds. Tim also has videotaped and or witnessed hundreds more. All in Minnesota!

Tim is offering a limited number of hunts to hardcore, passionately serious bear hunters. Tim is not a 150-pound bear factory. He is a BIG BEAR SPECIALIST!! This is why Tim will let you know at a later date where you will be specifically hunting. In the off/pre-season, Tim will be executing his BIG BEAR system to find the right bear in MN for your adventure.

This hunt can be upgraded to take one bear in the permit areas and one bear in the no-quota zone, depending on availability.

The Lansing Area Chapter is proud to present the masterpieces of the renowned and prolific artist, Lorenzo Ghiglieri. The sheer power, magnificence and magnitude of the works of this modern American Master transcend description through mere words. The visual impact of his artwork speaks volumes and moves the uninitiated fine art admirer, the novice fine art collector and the seasoned fine art aficionado, alike.

The White House permanent collection is the home of Lorenzo's creation of the official American Bald Eagle, The Vatican houses his masterpiece, St. Francis of Assisi, Man of Peace, and his stunning Strongest Bond is the showpiece in the private collection of the incomparable Italian Tenor, Luciano Pavarotti.

Item: NightForce TS-82 Xtreme Hi-Def Angled 20-70 Spotting Scope

Our customers asked, "when are you going to make a spotting scope that's as good as your rifle scopes?" The answer is, right now. We guarantee that the TS-82™ will not only meet—but exceed—the quality, resolution, brilliance and fidelity of the world's most well-known, most highly respected European spotting scopes.

Proprietary Nightforce coatings result in superb contrast and brightness, just like our rifle scopes. There are none better. We have also added a hydrophobic coating which immediately sheds water without leaving residue. It also repels fingerprints and smudges, keeping your images crisp and clean.

Shipping and insurance costs: the winning online bidder will be charged to the final invoice.

Special Notes: The NightForce 4-32x50mm NX8 Riflescope has a mil moa reticle and can be illuminated. The adjustable brightness setting lets the scope range from dim to bright for use in a variety of settings.

Trophy Fee: None.

Transportation: Winning bidder responsible for to/from Hunt area in MN.

Special Notes: This hunt is for an average 250 to 300 pound bear with the possibility of much larger bears with no additional trophy fees. Chocolate color phases are fairly common with Cinnamon a possibility. You will be hunting multiple baited bear setups, with multiple bears. You will be hunting from tree stands & ground blinds. What is his secret? Tim has a highly guarded secret system to beat smart bears that Tim has developed over a 30-year bear hunting obsession.

Numerous guides and hunters claim that it is not possible for a hunter to harvest a big bear every year. Tim has proven them all wrong year after year, personally harvesting 15 big bears 400 to nearly 700 pounds plus many more between 300 and 400 pounds. Tim also has videotaped and or witnessed hundreds more. All in Minnesota!

Tim is offering a limited number of hunts to hardcore, passionately serious bear hunters. Tim is not a 150-pound bear factory. He is a BIG BEAR SPECIALIST!! This is why Tim will let you know at a later date where you will be specifically hunting. In the off/pre-season, Tim will be executing his system to find the right bear in MN for your adventure.

This hunt can be upgraded to a 2nd bear subject to availability.
